Swiss Water Experience

KWC
SIN

Subtle inspiration

KWC SIN not only enables you to fulfil your aesthetic ambitions; it says something about your good sense too. After all, it enhances your kitchen with an extra touch of sensuality and intelligent functionality. This kitchen showpiece is available in four versions.

High-tech and highly flexible

The innovative highflex™ spring hose from KWC opens your kitchen door to the future. This curved hose can be moved in any direction, returns to its original position automatically and stays firmly in place when it is not being used. If you place the spring hose in the spray holder with the help of a positioning aid, you can use it as a stable swivel spout that can be rotated 360°.

As elegant as it is talented

**Free and easy**

This extendable spray has certainly mastered the art of creating more efficiency in your kitchen. Equipped with jetclean technology and a Neoperl® Caché® with an automatic diverter reset function, it can be rotated 360° and extended by up to 50 cm.

Covert and discreet

This covered pull-out aerator shares its secrets with you alone. The pull-out spray with a flexible hose is integrated into the spout with perfect discretion.
